

North Texas Green & Go Clean Taxi Partnership Decal Agreement

The North Texas Green & Go Clean Taxi Partnership is working to improve air quality in North Texas through encouraging the use and purchase of green, low-emitting taxicabs. These taxicabs release fewer pollutants into the air. For the North Central Texas Region, which currently violates the federal air quality standard for the pollutant ozone, this is very important. To help facilitate demand for and use of these vehicles, the North Texas Green & Go Clean Taxi Partnership has a marketing campaign that encourages the public to look for the Green & Go decal displayed in the window of qualifying taxicabs.

Taxicab owners that operate green taxicabs within the Dallas-Fort Worth area may be eligible to display the Green & Go decal on their taxicab and participate in the marketing campaign of the North Texas Green & Go Clean Taxi Partnership. To be eligible, the taxicab must meet the conditions outlined below.

A green vehicle must:

- Have an Environmental Protection Agency (EPA) engine standard of Tier 2 Bin 3 or cleaner OR not have nitrogen oxide emissions greater than 0.03 grams/mile
- Be registered and operate as a taxicab in Collin, Dallas, Denton, Ellis, Johnson, Kaufman, Parker, Rockwall, or Tarrant counties

How to submit a decal agreement:

- Online—Complete decal agreement (www.NorthTexasGreenAndGo.org), click submit, print agreement, and sign agreement. Mail or fax agreement and vehicle documentation*
- Fax—Fax decal agreement and vehicle documentation to 817-640-3028
- Mail—Mail agreement and copies of vehicle documentation to:
North Texas Green & Go Clean Taxi Partnership
P.O. Box 5888, Arlington TX 76005-5888

*To verify that the taxicab to display the decal meets the standards set forth by the partnership, please submit the following acceptable vehicle documentation:

- Readable photo of the vehicle's underhood emission label that usually can be found under the hood near the engine (all vehicle applicants)
- Readable receipt or signed letter from manufacturer or company that performed the conversion (alternative fuel conversion vehicle applicants only)
